

# WOOO! WHICH WAY OUT OF AFRICA CHARITY RALLY 09 - ITALY TO TOGO

GRAZIANO BORTOLOTTI MATERNITY CENTER , GODJEME – TOGO

On the 30th of July we are starting a new road trip, this time Togo-bound, at the wheel of an old Nissan Serena MPV, fully loaded with medicines. We will cross West Africa with a clear mission in mind: lending a hand to a project that is very close to our heart, a project born and managed by close friends, in the loving memory of their late father, Graziano Bortolotti, a real traveler, a caring man.

The center is a rural hospital in Godjeme, southeast Togo, complete with a maternity ward, a small operation theater and lodging for the medical staff. The entire structure is supervised by a group of Combonian missionaries.

They provide screenings and tests, pre and post-natal care for mothers and children, and double up as a first aid center, pharmacy and vaccination and prevention center.

The focus of our fund-raising is going to be on prevention, as we are aiming at subsidizing a vaccination program, mosquito-nets distribution and wider childbirth support.

This is an open invitation to help us in anyway you deem suitable, with a direct donation to the missionary group, or with a sponsorship of any kind.
